

Bristol One City

An overview of the Bristol One City Plan and Approach

Sarah Lynch, City Office

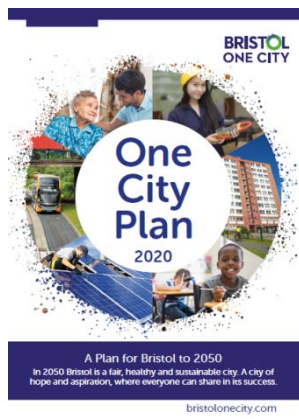

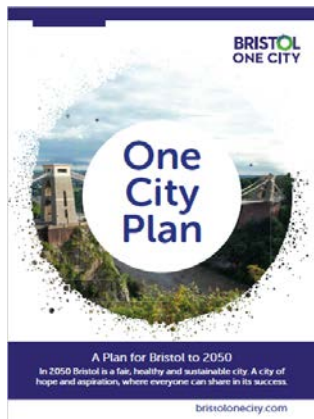

Bristol, England

- Bristol = 10th largest city in UK.
- One of 11 'Core Cities'
- Estimated population 500,000 (based on pre-COVID figures)
- 22% are Minority Ethnic
- More children aged 0-15 than people aged 65 and over
- 38% of school-age children are Minority Ethnic in 2020.
- 14,600 children under 16 live in low-income families in Bristol, a rate of 17%, just below the national average of 18% (2018/19).
- By 2050, in Bristol, more than 30,000 people will be exposed to significant flood risk.
- First Mayor of Bristol was George Ferguson in 2012, Marvin Rees won in 2016 and in May, 2021

WHAT ARE WE TRYING TO SOLVE?

- Hundreds of unaligned city strategies – most of which end in five years or less
- No framework to easily bring together city partners.

HOW WE ARE TRYING TO SOLVE THIS?

- A One City vision and plan, that sequences activity up until 2050, to attempt to bring focus and prompt debate.
- The establishing of a city leadership framework.

Our hope - to harness the potential of our collective power to benefit the city

The Journey to the One City Plan

Review of 100s city strategies

30+ engagement events,
300+ attendees

Work to build and sequence a first iteration of an aspirational timeline to 2050

Strategic dialogue underway and a common way of working across the city

Support from key organisations in the city and 100+ partners

New relationships formed across sectors

100s of ideas and 1000s of post-it notes

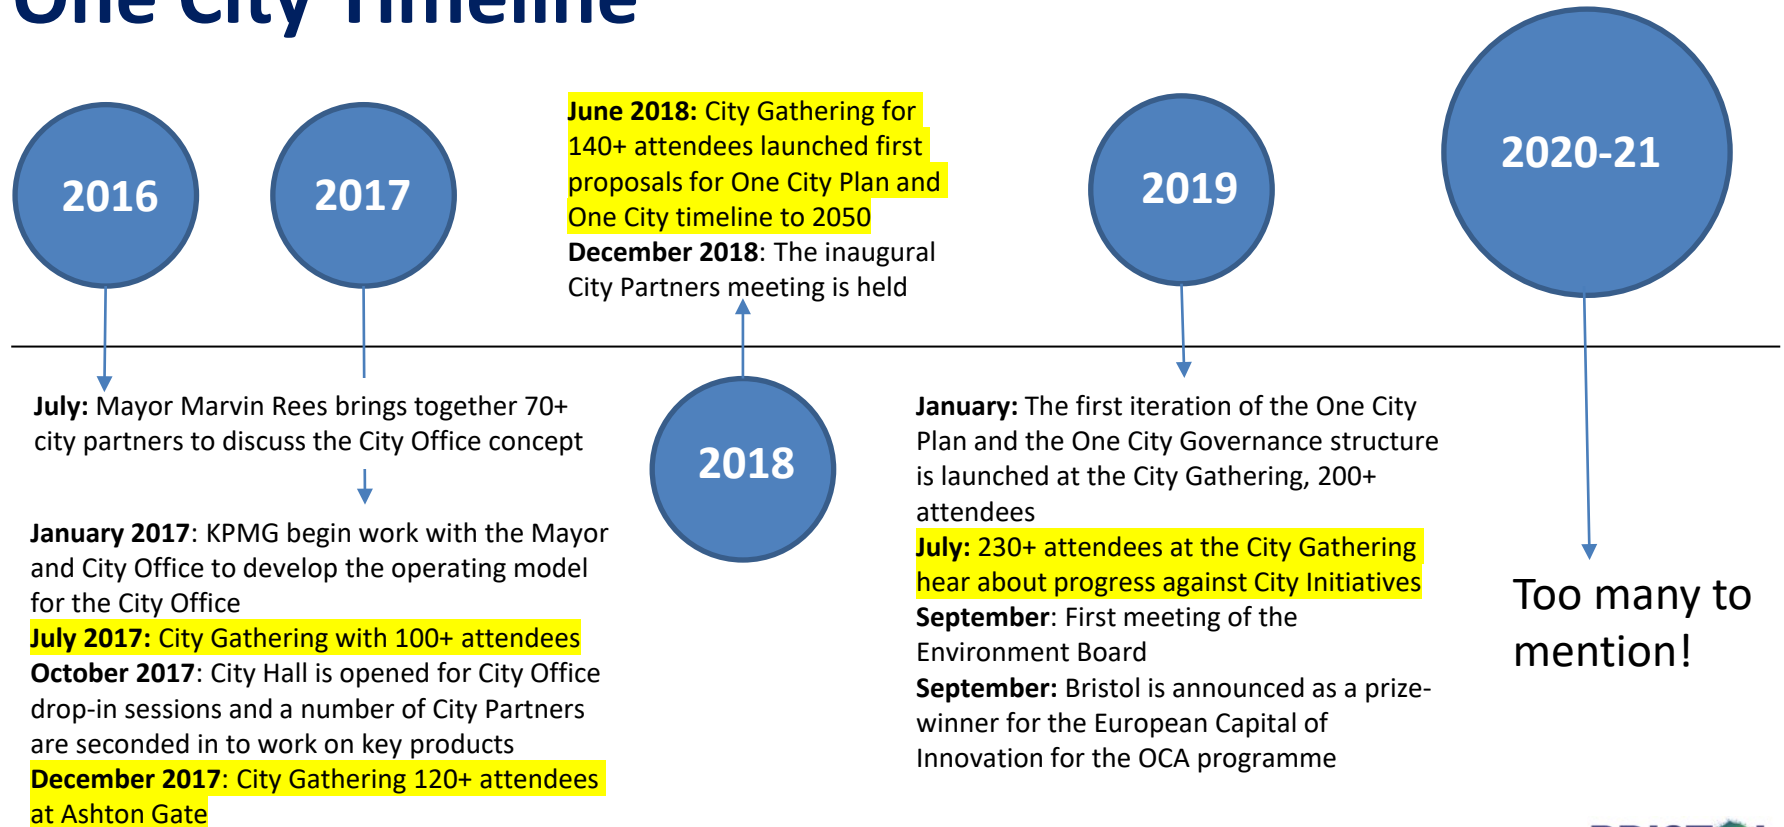

Mapping of our local challenges and aspirations to a global context

BRISTOL
ONE CITY

One City Timeline

**In 2050, Bristol is a fair, healthy and sustainable city.
A city of hope and aspiration, where everyone can share in its success.**

Health and Wellbeing

By 2050 everyone in Bristol will have the opportunity to live a life in which they are mentally and physically healthy

Economy & Skills

By 2050 everyone in Bristol will contribute to a sustainable, inclusive and growing economy from which all will benefit

Homes and Communities

By 2050 everyone in Bristol will live in a home that meets their needs within a thriving and safe community

Environment

By 2050 Bristol will be a sustainable city, with low impact on our planet and a healthy environment for all

Children & Young People

By 2050 all children and young people will be given a voice to influence and shape the decisions that are important to them. The city will belong to them, providing a place of safety where they can achieve their dreams and destinations.

Transport

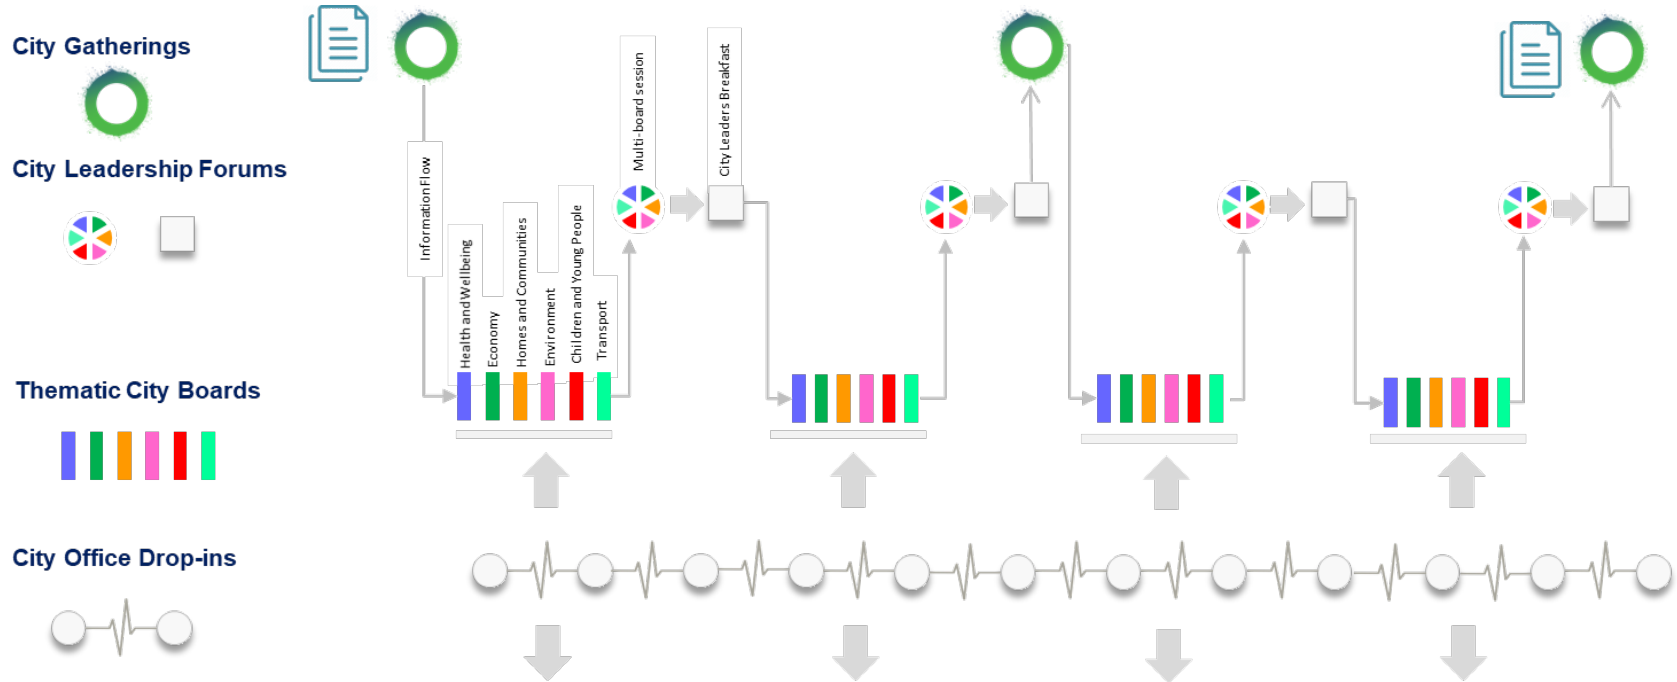

By 2050 everyone will be well-connected with digital services and transport that is efficient, sustainable and inclusive; supporting vibrant local neighbourhoods and a thriving city centre.

Enablers: Creativity and culture

Enablers: Digital and innovation

A new approach to city governance

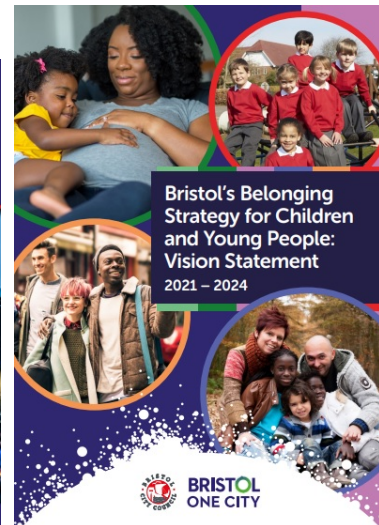

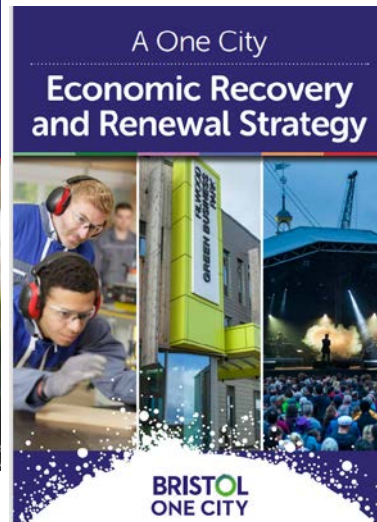

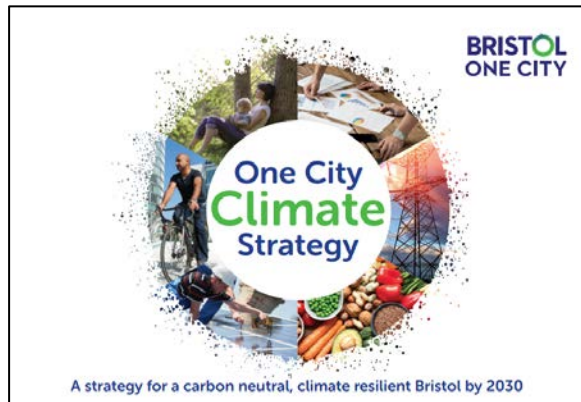

Ongoing development of the One City Plan, support of the City Leadership Forums, Coordination of City Office workshops, programme management for specific activities as required

Top 3 priorities for 2021

- Tackle digital exclusion through coordinated citywide action across generations, and respond to the enormous challenges and severe impact of the pandemic on children and young people
- Citywide activity launched to engage citizens on pathways to achieving Bristol's 2030 climate and ecological goals, in lead up to the Conference of the Parties (COP)
- Support community assets (such as community centres / groups) to reduce social isolation and improve mental wellbeing, focusing particularly on communities with mental health inequalities.

One City Strategies

One City projects to date

We're taking action as One City on Bristol's Climate and Ecological Emergencies
